Dark Heritage

Original Text by Emma Darcy

Maki Ohsawa

Ever since
I was a
child I told
myself

If I ever
came to
England
I would not
miss place.

This is the
gateway
to Mom's
memory

The Door of
Sandhupe's
mansion,
Davenport Hall

A little over
an hour from
London by a
railroad scooter

Dark Heritage

Original Text by Etsuko Ohsawa

Who is this?
Does he
live here?

Hello!
My name is
Robert
Griffith
James, and

Fluffy

His eyes
are so
beautifully
dark

Are you
the woman
from
Australia?

Umm...

He knows about me?

Yeah!

It's just that you weren't what I was expecting.

Sorry, I didn't mean to stare, Mr. James.

Stare?

Her name is Mr. James.

Show her to the parking, Mr. Thompson.

What's that supposed to mean?

I never called about how could they be expecting me?

Welcome, Mr. James. We've been expecting you.

It's incredible.
So this is a
real British
aristocrat's
mansion.

I played
along and
just
followed
her inside

I'm Hugh
Downsides,
the owner
of this
mansion.

I'm
actually
here
because

Um...

I got it

Yes

They think
that I'm a killer
or something
that's how I got
an appointment

Colonel!

Another
new
nanny!

Did she
stop the
get rid of
her money?

She's
only 15
or 17
years
old

This
is
her
room?

I killed
the last
new
money!

Her eyes are
full of such
aggression

I don't
need
anybody!

I don't
need
me!

Get
y' Daap

This is
how he
looks at
his niece?

His eyes
turned so
cold

Stop
lying

You didn't
get rid of
anyone

I'm not stupid!
I'm smarter
than any
enemy!

It's foolish
to do
things that
will work
against you.

That's
fine.

But having
people as
a source
of energy

Unless you
prefer to
live alone
and be
lonely

And never
stop on
my feet
again.
You can't
win.

Oh?
Then you
should
listen.

Use
...

I'm
not afraid
of you.

Use
...

Use
...

That wasn't
violence!
And I just looked
the nanny in the
steeled out back.

I've never
benefit of a lady
that uses violence
and gets rid of
nannies, Little
Miss.

I'm not
afraid of
you, either,
Little Miss!

I'm Lady
Celeste
Davenport!

Don't
want me
hire a
lady!

Leave
Little Miss
be, no one.

—please go
let your real
nanny out
of the shed.

Baron

Did you
hear that?

I guess I was
a little
too rough
on the
unfortunate
brat.

Uh-oh
I made
him
angry!

Let's go
sit in the
kitchen like
ladies until
the house
gets back.

Now

If
you can
handle it,
that is.

Of course I can.
For more ladylike than you,
and I can teach you better
ways to win a fight.

How'd
you know?

You
can't
tell me
what
to do!

From
you, too,
Colonel!

I'm going
to go to the
bottom of
that!

When
I get back,
I want an
explanation.

Mr.
James ...

She's so interested
she can barely sit still

She has the
face of an
angel, but
the tongue of
a devil

Chloe

I'm sure
that you'll
learn that.

It's a
good
way.
I'll
let you
touch
me.

That's why
I'm having a
moment
here.

They don't
wonder
why

Where are
your mother
and father?

Why do
they act so
cold to
each other?

The twins
and
the girl

The twins
realized so
he doesn't
have to deal
with me.

My
uncle
hates
me.

I hate my
uncle just
as much!

Could the
twins really be
so cruel to have
the young model
talk about him
this way?

The
poor
thing

The anxiety
you trapped
went home
angry.
Coleman.

Click

Sorry
for the
wait.

Or is
the twins
just not used to
dealing with
children?

All right,
Colonel!

Go back
to your
room.

You won't
be here in
until I come
get you.

That could look
almost like
betrayal and that
overbearing
presence

Then,
if it is
again

Hurry up.

As if
I'll ever see
you again.

Good
night.

We'll
talk
later.

There's no such
thing
as a
hopeless
child.

Such a
hopeless
child.

It's not just
living in a
place like this
surrounded
by death.

but
even
feeling the
weight of
guilt.

It's
so much
easier to
become
so distant.

They have to
be shown how
to live positively
with love and
kindness.

The most
important thing
for a child is to
be loved and
cared for.

There are
many children
with problems,
but they can
all be helped.

I can't
leave her
with him.

Give
me one
week.

It's
a nice
theory.

But can you
honestly
say that
after seeing
her?

Absolu-
tely.

I think you need
someone to look
after your sister
until then.

You won't
be able
to find
work on
short
notice.

You sure the
money
you received
from
the deal never
wants to come
back here.

It's
a bit of
a long
shot.

Father

Will it
work?

Let me
stay here
until then as
a guest,
instead of
a enemy.

Well,
I have
my own
job .

My name is
Robert
Gordian
James.

I came
here to find
out about my
mother's
past.

What's the
real reason
you came
here?

Just
who are
you?

Your
mother?

Let's hear
your story,
Mr. James.

I had a chance to come to London as business...

I've always wanted to see this place.

...no lining the doorbell to see if I could look around

And I jumped to conclusions

6 months before my mother was sent to Australia as a war refugee...

...she was living here at Beaumont Hall

She was 19 years old at the time, but never forgot about this place until the day she died.

She's been
a nuisance to
everyone
around
here since she
could talk.

You should
know it wasn't
me that turned
her into that
monster.

The other
nurses and
myself have
done our best
for that girl.

So that's
why you
feel sorry
for her.

I
see.

I know
what
that's
like.

I was a
troublemaker
at the
orphanage
myself.

So,
do we
have a deal?

He doesn't
get into
Coleridge, but
her mother
is well?

Or is it that
because for her
mother is so
strong, he can't
love her?

I admire the
fact you could
control Coleridge
moments after
meeting her

Fine.

Where
are you
staying
in
London?

It's not a
car for you
towards you.

No
worry?

It's
not
a
car
for
you
towards
you.

I'll do my
best to find
out about
your mother,
as well.

Can you
hear me, Mom?

Do you believe
it's silly to think
I was drawn here
to meet him?

Thank
you.

Hugh
Davenport

I may have
only said you
to go
with the
flow...

...but I can't
leave things
the way they
are between
Celeste and
Hugh.

Right,
Mom...?

Doesn't
she look a
little
silly, Robert?

You got
all dirty just
because he's
a little
handsome.

A woman,
an intelligent,
handsome...
...I suppose
it couldn't
be a more
romantic
situation.

Here,
a present

It's
good to
see you
again

Didn't
you
believe
me?

You
really
came
back?

Many
times.
I've even
held one.

Really?
What
about a
tangerine?

Yes.

Are there
lots of
leaves in
Austrian?

Have you
ever seen
a real
one?

She must
have accepted
him as her
teacher

My word.
This is
a shock.

This will
be your room
during your
stay,
Mr. Jensen.

The other
guests will
be waiting
for you.

Lunch will
be served at
1 p.m.
Please come
to the parlor
when you're
ready.

Are
they your
friends?

Do you
know who
the other
guests are?

Thank you,
Mrs.
Thompson.
I'll be
right there.

I hate
them.

Of
course.

Lunch with
guests right
after
dinner?

What's
saying
that?

And Cynthia Ramsey is like a snake.

Mr Rogers always laughs at me.

Lady Harriet always says stupid things.

Well —

There sure are a lot of people you hate. Why is that?

She's stuck up and snooty and I hate her most of all.

Cynthia is chasing my work.

What will you expect her

A snake?

It's important to watch that person closely, first.

Win?

I don't want to see her

If you can make a good impression on someone you don't like, you win.

Yes,
Uncle.

Do you
remember
what I told
you, Celeste?

You think
you have her
under control
already?

Don't
you worry
♪

Smile

Have
no more
you.

This is
Mr. Robert
Griffith
Jensen.

Oh "Griffey"
sounding up
down under,
I suppose.

And this
is Mr.
Gordon
Ransley.

This
is Sir
Roger
and Lady
Horton.

Isn't
anyone
going to
introduce
me?

Why would
I possibly
want
...that
backward
colonial
inferior?

However,
no.

You've
been to
Australia,
Mr.
Ransley?

What a
patterner!

You
do?

Personally,
I think they
make the
best wine in
the world.

Australia
has a
very rich
history

My 11 siblings
were all orphans.

I grew up
as part of a
big family.

I enjoy the
pedestrian,
but I'm also
very socially

They were
from
America,
Fip.

Vietnam,
China,
India.

What
do you
mean?

Oh?

— The
Philippines,
Korea,
Egypt —

— Canada,
Thailand
and Australia.

So you're
an orphan,
too?

My last
mother
was British.

It must
have been
so hard
for you.

Oh, I'm
so sorry
for you.

You grew
up without
parents. It
is awful—
up—

Crash

Uh-oh

Also

What
have you
done, you
little—

Alone!

How
rude.

I'm sorry
about the
telephone.

Excuse me.
It was this
morning
you...

I got her
good for
what she
said to you,
Rebell.

After
the
...

You leave
the fighting
to me, from
now on.

It's not
smart to
make them
think
you're
bad.

You can't
act like
that,
Colleen.

She got
what she
deserved.

Start
the
...

Drop
the
...

Go on,
Celeste,
say it

I don't
want to
ret. with
you,
anyway

ugh!

Celeste
starts to say
good-night,
Hugh

Good
night,
Celeste

Good
night,
Uncle
Hugh

If that's the
reason for
my

I'm
disappointed
in you, Hugh

and I've
doesn't
give her a
hug or
kiss?

Her idea
never comes
to say
good-night.

Good
night,
Chikane.

You
don't
have to

I want
to give you
a goodnight
bag and horn.

What's
wrong?

Oh?

A bag and horn
at night is the
best way to
forget any
bad things that
happen during
the day.

He doesn't seem like the type to expect her to act like an adult

and not be able to give her the unconditional love that she needs

Supper is at 8 o'clock if I recall

I'll use a soft touch and try to smooth things over

Thank you very much.

Such a gentle smile.
You look wonderful too.

...you look wonderful.

Would you like a drink?

Thank you
for saving
me from
life. Ramsey
earlier.

Why do you
look that smile
from Celine?

I thought
I was saving
her from a
sugar-
baking
by you.

Saving
you?

And
Celeste.

You stood
up for me.

Not
at all.

That's
where
you're
wrong.

I won't
condone her
unappreciated
attacks.

That's just
a child.
She didn't
mean any
harm.

Do you
want me
to overlook
what she
did?

I didn't
mean to
intrude
on your
private life.

Even though
you know
where to
find me
and what my
mood is
only?

Seems
that you
don't care
for my
girlfriend.

But having
parents didn't
mean a thing to
Celina.

You think
she's just
like you,
after losing
her parents.

After hearing
what you said at
lunch, I understand
why you feel sorry
for Celina.

Celeste never shed a tear or showed an ounce of grief.

You seem to think that you can teach Celeste to behave through love, but you're wrong.

All that girl does is manipulate adults and repay kindnesses with spite.

I'm only looking after her as a test of my patience.

You love your foster parents, don't you?

Yes, of course.

Then there, and I'm grateful to them.

Celine is
desperate
to be
loved

A test?
You're
wrong!

She thinks
she has to make
it for all it's
worth.

To her,
love is just a
weakness or
wishes to be
exploited.

A woman
like Cynthia
Baudry might
think of love as
a nuisance ...

... but she
can't be hurt
by anything
she does.

You,
on the
other
hand ...

It's a
test

...that the shock of betrayal would be massive.

... wouldn't
have to be
at odds like
this.

If you had
listened to my
advice about
leaving Colorado
you the master
of you. .

That's enough.

Don't ask me for anything else.

Good?

Why?

How can you be so certain?

You say she's a nut.
That she's a lost cause.

I feel like I'm walking into them.

She's
just like
her!

That girl has
had 7 years
of "training"
under her
mother!

You've only
been caring
for her for
6 months.

She had
the blindest
look of any
woman alive.

Beautiful,
adorable
and very
Christian.

She
never cared
about me.
Only about
the title of
"baroness."

...and
she
does my
spine.

Just
remembering
bringing her
back to this
house as my
girlfriend...

She checked on him over and over, making my location spreading into hell.

The moment she got her side, her true nature came out.

Christine looking my brother under her spell in an instant.

She got pregnant and forced him to marry her.

Who knows if the girl is really even his daughter?

Right after the ceremony, Christine came to my room and burst into tears.

The day of my brother's funeral.

He had become self-destructive.

My brother's death in a collision was no accident.

Get out!

Born in Aki?

You killed my brother!

...but it was a mistake!

I married him for the title of baroness...

She must have been too upset to drive.

She was speeding and crashed.

That was the last time I saw her.

It's you that I've always loved, Hight!

I just
thought there
was such a sad
story behind
all this

What
a crack

The medical
examiner
blamed
the accident on
the grief of her
husband's
death.

She must
have been
crying me
up until the
moment of
the collapse.

So
that's what
happened

I can tell that
neither of
them showed
for any love

Colonia grew up
with a father who
doubted the way
his daughter
and a mother
uninterested in
raising a family

She wasn't
getting
training +

Do you
understand
now?

One

And out of his hole
for Christine, even
Hugh

Murder?
Do you
really
mean that,
Hugh?

That
monster
is the
daughter of
a witch.

It's a waste
of time to
deal with
Colson.

I'll make
sure that you
get what you
came here
for.

Order

To make up
for having
to take care
of Colson.

You're not
the first to
come here
looking for
records of war
crimes.

An historian
named Sir
Milesden Reed
found these in
our library.

Look.

What
was your
mother's
name?

Dear
Valerie

Valerie
Valerie
Griffin.

Valerie Griffin

You
found
her...

Mom !

It's only her name,
and the dress she arrived
and left.

But sorry
there aren't
more details.

No,
it's far
better than
nothing.

His eyes are
so warm.
He's like a
different person,
compared to
a few moments
ago.

Thank
you.
It's
plenty.

My
mother
lived here
when she
was
young.

Looking
out at the
same garden
and breathing
the same air
as I am now.

You have
a home
and a
family to
return to.

However,
the past is
the past.

I'm glad
I could
help.

Your
business
hasn't
exploded.

You'll
have to
invest.

Maybe I
overreacted

Maybe
I should have
backed off
and let him
have his way

Hugh just
doesn't want
me to make
things any
worse than
they already
are.

He's just so
caught up in the
past that he
can't look at
Collette without
that sadness
in his eyes.

He seems
like a kind
and
compassionate
person
at heart.

I won't
leave
Collette,
or Hugh
the way

I can keep an
eye on things for
one week,
To see if I can
help Collette

One
week

If she doesn't
need me, then
I can leave
being near the
pioneer for
long

That's right,
For Collette's
sake, if
nothing else.

It's stupid
to even
entertain the
thought of
leaving an
unmarried,
Rebel!

It's not
like you're
really
attracted
to him.

Oh!
Good
morning,
Celena.

I
have
it.

So
you're
leaving,
then.

Work?

I'll be back
as soon as
I finish
work.

I don't
have as
much
space time
as you.

Yes.

It's your choice.
It doesn't matter
to me whether
you go or not.

That's
a shame.

If you want
to stay home
from school
and be dumb,
that's fine
with me.

Really?
I can come
with you?

What about
coming with
me to London
today instead?

I'll leave some
time free after the
meeting, so we can get
a hamburger and ride
the Ferris wheel by the
Thames River.

Your car
is waiting,
Mr.
James.

Thank
you.

Can you
tell the ladies
Colleen is
coming
with me?

If you can
stay quiet during
my meeting,
Watch and
learn, okay?

It's very
important.

If you get
in the way,
I'll never
take you
anywhere
else.

I
promise!

I won't
get in the
way at all!

What?

Both
companies signed the
contract and
the ribbon
started in
the bag!

Let's go get
hamburgers
to
celebrate!

The poor thing.
She's
really been
thinking
about this.

I'd be good.
I promise...!

Do you
think your
family could
adopt me?

They could
take in another
girl from
England,
couldn't they?

Colanto

There are
people who
never show
how worried
they are about
someone.

Colanto...

It doesn't
help to get
angry or talk
back to people
like that.

It's better
for you to
learn how
to deal
with them.

If you do,
they'll
change, too.
Give it a try.

I told you
yesterday,
remember?

Your uncle
doesn't have any
children, so he
doesn't know
how to handle
little girls.

Some people
get angry
when they don't
know what to do,
like your uncle.

Spencer

What
a disaster.

Of
course
I will!

I may have
told you to do
whatever you
want, but—

So
you're
back
safely.

What
are you
talking
about?

Damage?
Expenses?

It's my fault,
so I'll cover
the expenses.

How
much
damage
did the
crash?

So...

So just
tell me
what she
did this
time.

I know
that Celente
causes trouble
wherever
she goes.

I'll clean
up the
mess.

Don't treat
her like a
monster!

She's

You're
always so
quick to
judge her!

How
can you
say that?

Children want
to be loved.
Celente is
a normal
little girl!

Hugh.

Is she so
blame for
not being
born to loving
parents?

Whom
fault is
that?

She's just
never had
anyone that
loved her

Of
course
not.

Is it her fault
she was taken
in by a man
who thinks
she's just like
her mother?

Normally,
it would be
her parents that
would take her
on an outing
like that.

Today
Colleen was
like a child who'd
just been heaven
for the first time
in her life.

She was
walking and
laughing,
having a
wonderful
time.

You're the real monster,
Hugh.

If my name even
a devil would
be shocked to
see him for
the first time!

209

Me?

Ever
kissed
her
good-night?

Have
you?

Have you
ever even
tried to get
close to
her?

Have you
ever held
her hand
or picked
her up?

...she
would
want to?

With a
personality
like
hers...

You
haven't
seen
her?

...she
wouldn't
have turned
out that
way

If you had been
trying to form a
bond, instead of
pushing her
away...

Form a bond
with
Christine's
daughter...?

I don't think
we have
anything
else to talk
about.

Barrow
m.

Maybe I was
wrong to hope that
Hugh would have
some sympathy
for his somewhere
in his head.

It's not
Catherine
that is in
bad luck
it's Hugh.

He
he
he
he

A
bowl?

With the
daughter of
the devil?

I can't tell
which is the
real Hugh

He's actually
cold-blooded or
just hurt from the
heartbreak in his
past

Aren't you
tired from
playing all
day?

No
way!

I'm not
sleepy at all!
Tell me a
story,
Rafael!

Knech,
knech!

You're
Cooper's
only friend
in the world
right now

Hang
in there
Rafael

In a panic,
shey called the
doctor, and the
shepherd said
to him...

Then, the
shepherd and
the dog were
both hurt.
Oh, no!

Maybe some
of what I need
got through
to him

Maybe he's
finally going to
stop keeping
Colombo at
arm's length

I can only
hope...

What did
he come
to say to
Colombo?

Hugh

Is he
serious?

So...
You went
into London
today?

A?
+ Peter

K?
+ Peter

Did you
have fun,
Gabriel?

Yes.

What did
you do in
London?

Then
we ate
hamburgers
and went on a
boat ride.

We met with
sponsors
for the first air
balloon race.

I see.
Good
for you.

Smile
a bit

Yes,
I suppose
you're
right.

Rebel's a much
better teacher
than anyone at
school.

A
dog?

Uncle?

Can
I have
a dog?

Good
night,
Colleen.

Pat

Uncle
Bogart?

Good
night,
then.

What did
Rebel tell
you?

Rebel
was
telling
me...

Um...
...

Look!

Isn't
he cute?

My
brother,
Jeffery!

Then...
Is it hard to have
a long on a day
that was a lot of
fun?

Second
like a good
method.

That the best
way to forget any
bad things that
happen is with
a long and long
good night.

Celente!

Hugh!

Good night,
Uncle.

Can I come in?

Even without me around.

Those two
will be all
right now

Sure.

Sorry.

Oh...

I'll be home.

The reason that
Sir Malcolm
Baied came here
researching war
orphans...

...is the
same
reason
as yours.

What?

He was
searching
for his
daughter,
Valerie
Griffin.

His
daughter...?

Her Mother was
found
in your
grandfather's

That
means

He said
he'd like to
meet you as
soon as it can
be arranged.

This
is all so
sad.

I'm
sorry

I ought try
to shake the
answers out
of him.

Why did
he make
Mama an
orphan?

Why didn't he
look for Mama
while she was
still alive?

Why

How about that?

Sounds like your friend is "family time" has been scheduled.

It's only natural to be taken aback at the sudden news.

Once you know what you want to do, we can invite Sir Malorian here, to talk freely.

Why don't you stay here a little longer than the one week we agreed on?

Thank
you,
Hugh.

...won't
be happy to
hear you're
leaving in a
week, either.

I'm sure
Colman

...I saw a trace
of my brother
in her for the
first time.

He loved
sweets, and
used to smile
like that as
a child.

When
Colman asked
me for a dog
a few minutes
ago...

It took me
far too long
to notice.

She's not the
reincarnation
of Christine.

She's the
angel that
my brother
left behind.

Now that you've
let Christine's
memory go,
Celente is in
good hands.

Hugh?

According
to Colman, a long
and low good-night
is the best way
to forget about
bad things.

Let's call
it a night.
You're tired,
aren't you?

Good
night.

And
thank
you.

Hugh

Or

Hugh

My skin
on the
shoulder
he touched
feels hot

Was that
just a
good-night
kiss? Or his
way
of thanking
me?

O-good
morning,
Celine.

Hugh

Robert's
a sleepy-
head!

A
Yorkshire
tortois!

It's
great! I'm
getting
a puppy!

Guess
what? Guess
what?

Right.

Right,
Celine?

March 24
March

They're
both smiling
at the table.

Colonic
and
Hugh...

What kind
of spell did
you put
them under?

Breakfast
has never
been this
pleasant
before.

After
dinner

Spell 7

I didn't put them
under a spell
They feed
themselves
from another
old spell

It's the
living middle
of a complete,
happy family

It's so
different
from when
I first came
here

Hey!

I just
included
myself in
their family

Oh,
dear

There's not a
healthy bit
of thought,
Faber

You
should
come help
us pick a
cousin.
Rebel

Oh...

I've never
found my
mother's
family
I've laughed
with this
papa

This isn't
where I
should be
anymore

I'll be
blessed by
Jesus, as
you and
your uncle
go together

I have
to work
again
today.

If I stay
here my
father...

What's
the
matter?

He's very
wonderful.

I'll
get my
belly.

She's
going in for
a waist until
the horses
get back?

Ms.
Ransley?
What does
she want?

Because Mrs.
Ransley
is in the
paddock

She heard
about the dog
from Mr. Roper
and brought
her in here
to raise a
puppy.

Good
morning,
Ms. Ransley.

Hasn't you
ever heard of
"surface
street culture,"

Hasn't you
ever heard of
"surface
street culture,"

Colleen is
Christina's
daughter

All because
she was a twisted,
substance
worship, born to
the street!

She was extremely
beautiful,
but hardly fit
for a hero.

Scott

Forget that an
orphan like you,
without any real
parents or family,
wouldn't
understand.

I'm
sorry.

Christine
didn't know
her place.

In England,
it's customary for
people to marry
within their ranks.

What a
stupid
person

That might
be important to
someone like
you, but not
me.

Consider
this a
warning.

Bligh is smart,
so I don't think
he'll make the
same mistake
as his brother.

I'm telling
you this
for your
own good,
Mr.
James.

It wasn't
do you any
good to stay
here, chasing
after Bligh.

I don't
need you
to tell me
that.

Cynthia

Edna's
know
about
that.

You and
Hugh live
in different
worlds!

I know.

We don't
seem to
be using
the same
yardstick.

I'd prefer
if you didn't
talk about me
behind my
back.

Rebel is the
granddaughter
of the 12th Baron
of Alshire.

Flight

I was just
trying to
tell her...

One
more
thing.

Huh?

Look, alone
that has to be
high ranking.

I didn't know
anything
about
my grand-
father's side.

I still
can't really
believe I have a
grandfather.

You're pretty
wonderful,
just for being
yourself.

It only matters
to people who
care about that
sort of thing.

Hugh

I've wanted
you to keep
living here.
What do
you say?

Of course,
even before
she said
anything...

Rebel?

I
can't.

I can't
stay here
forever.

After all,
I still have to
travel all over
Europe before
the big six-
million race.

I'm sorry,
I wasn't
thinking
about your
feelings.

After
that,
sure!

Then
I have to
go home to
America
and talk to
my family.

Of course!
You're
absolutely
right!

We'll bring
your entire
family over
for the
wedding!

Full
of love
and
wisdom

Keep
this
memory

We can
build your
dream of a
big family
right here.

Forever

Don't ever
lose the smile
that you've
rediscovered

Oh,
wow.

Don't worry.
There are
plenty of
moments here.

and
over.
